

About Us

JOBSTICK is about collaboration, sharing resources, gathering expertise, working together towards building the 1st True Economy Sharing Platform in Malaysia providing a One Stop Financial Ecosystem.

Our Story started back in 2007, our founders started off in various financial line such in Banking, Unit Trust Asset Management, Mortgages, Life Insurance, Property Negotiator and General Insurance. Along the way involving in more related industry, doing all transactions all by one is getting tough and unable to cope from time to time.

In 2015 our founders were struggling to find ways in order combine all financial products via one online platform in Malaysia.

JOBSTICK was founded from this idea of providing a complete financial platform to all consumers.

Today, with the tech innovation and integration of API with multiple vendor and insurers, consumers can now easily access information of all financial related products, customize quote and apply to the most suitable offering at Jobstick.

“Giving You More Choices Under One Platform” ~ All in just a few clicks away!

We hope to help more people getting their financial needs fulfil, save their time in comparing market offering rates, by using our simple easy to use, user friendly platform more effective and conveniently.
